Ambulance No.....

Any Allergies.....

parent/guardian phone no.....authorised person phone no.....

The Parents are responsible to make sure that the authorised person is aware of the rules and regulation required Your Pony Club for each event that the rider/s are attending.

Guardian must have A Working with children form filled in or have your approved application Number.

The associations rules are very specific and state that anyone who is near, or handling horses must wear a helmet and always closed in boots.

This includes riding, saddling, moving horses and instructors whilst in the ring with horses.

All clubs should have a horse free area for events/competition/rally days and non-members and young children are to remain in the horse free area. At no time should a parent have a child in a stroller/pram whilst in the ring with horses.

In the case of a child who is too near horses and outside of the horse free area it is the responsibility of all members to ensure that child's safety not just the parents.

Risk management is the responsibility of all members especially the club instructors and committee.

All clubs have appointed a safety officer who with the help of the club executive conducts any risk assessment if a hazard is found then steps should be taken to ensure peoples safety.

Zone 9 Pony Club.

Authorisation of Guardianship

For riding members age of 25 years and under

For Zone/State Championship events

The Parents are responsible to make sure that the authorised person is aware of the rules and regulation required by The Pony Club Association of NSW for each event that the rider/s are attending.

Guardian must have A working with children form filled in. Or have their approved application number.

And must be prepared to fulfil the requirements of the worker's roster.

The associations rules are very specific and state that anyone who is near, or handling horses must wear a helmet and closed in boots at all times.

This includes riding, saddling, moving horses and instructors whilst in the ring with horses.

All clubs should have a horse free area for events/competition/rally days and non-members and young children are to remain in the horse free area. At no time should a parent have a child in a stroller/pram whilst in the ring with horses.

In the case of a child who is too near horses and outside of the horse free area it is the responsibility of all members to ensure that child's safety not just the parents. Each Pony club Event there should be a horse free area's, these area's are usually near canteen area and the area around Official boxes etc.

Notice of Special Warm up area's will be informed.

Risk management is the responsibility of all members especially the club instructors and committee. All clubs have appointed a safety officer who with the help of the club executives conducts any risk assessment if a hazard is found then steps should be taken to ensure peoples safety.
